Emergency Peak Season Surcharge for export shipments from China

Dear customer,

Due to recent unexpected and very significant increases in key factors impacting shipping operational costs, Maersk Line is implementing an emergency charge globally.

For **exports from China**¹, we will introduce an emergency **Peak Season Surcharge (PSS)**. The surcharge will apply to all export shipments on all trades from China, and it will be **effective 1st June 2018** and until further notice. For export shipments to the US and Puerto Rico, the emergency PSS will be **effective 1st July** and until further notice. The emergency PSS will also apply to trades that already have a PSS.

This is a necessary action to ensure a continued sustainable service to our customers. The emergency charge level will be reviewed as and when significant increase or reduction of key shipping cost elements occurs. We kindly ask for your understanding and support.

The emergency PSS tariff levels for exports from China are as follows:

Currency	DRY + Special Equipment			REEF		
	20'	40'	45'	20'	40'	45'
USD	60	120	120	90	180	180

For your reference, we have also included the levels and the rate structure for some sample corridors to/from Europe valid from today until further notice. These charges may be subject to change in the future but we will make sure to notify you accordingly.
