Subject : Sailing Route Change Notice of SAVANNAH EXPRESS V.001E

Due to the safety concerns over vessel sailing in the Red Sea area, we hereby inform you that M/V Savannah Express V001 will avoid the Red Sea and Suez Canal and therefore re-route around the Cape of Good Hope when on her way to the USEC.

We will re-assess the situation on a regular basis and resume AA7 service through the Red Sea and Suez Canal when the safety concerns are completely eased.

We very much apologize for any inconveniences and will keep you posted of our individual vessel sailing plan through our website or notice.

YOURS SINCERELY,  
WAN HAI LINES LTD
