Iranian Containers – Prohibition on ONE Ships

As informed by Ocean Network Express Pte. Ltd. (ONE) in our advisory dated 28th January 2021, in compliant with U.S. Sanctions, ONE will not be involved with transporting any containers relating to Iran.

Further to the Prohibited List sent by ONE on 14th January 2022, ONE has identified additional container prefixes that are relating to Iran and will not be accepting the following container prefixes, including but not limited to, **TDIU, HDXU, IRSU, BANU, FURU, ALXU, SBAU, XBIU, AGIU, KGNU, PESU, XANU, FMCU, BGCU, DAMU** and **AKKU**, and we herewith ask our partners to ensure not to load those boxes onboard of ONE's ships.

In the event that we find Iranian related boxes planned to be loaded onto ONE's ships, ONE will reject loading of such boxes. Should ONE find any container(s) with the above prefixes onboard, ONE will take immediate action to offload them. Any losses, damages, costs or fines associated with the boxes or relating arrangements suffered or borne by ONE or any related third party will be solely on the box operator's account.

Yours Sincerely,

Ocean Network Express Pte. Ltd.
