

Rollover Notice

Dear Valued customers,

Regret to inform you that we have been facing awfully serious weight & space issue on FIL service right before CLNY. Thus it is inevitable to make huge rollover from HHPA0085W to next sailings (either HHGW0125W or HHPT0103W).

In this aspect, We would like to seek your kind understanding. However, we will try best to optimize the rollover plan fully considering loadable space, weight, POD all those factors.

Kind regards,

HMM (China) Co Ltd
