

Dated: 18 August 2024

To: **The concerned in Cargo / Containers onboard the “YM MOBILITY”**

**“YM MOBILITY” – General Average**

Dear Valued Customer,

On 9 August 2024, whilst MV YM Mobility was alongside Phase III Terminal of Ningbo Port, an explosion occurred from cargo container(s) at her bow area. Fire-fighting operation was carried out by the local port authorities and it was reported that fire was put out and inspections are currently being carried out.

The above situation gives rise to General Average. As a consequence, shipowners have declared General Average and have appointed Richards Hogg Lindley to collect necessary General Average security and prepare an Adjustment.

The General Average security required from cargo and container interests is summarised as follows:-

1. **Insured cargo.**

Average Bond completed and signed by cargo owners together with a copy of cargo invoice. These can be submitted electronically via the following DocuSign link:

[DocuSign Link](#)

Average Guarantee completed and signed by cargo insurers. Blank Guarantee can be downloaded from <https://rhlclientarea.ctplc.com>. Completed Average Guarantee should be sent by email to Richards Hogg Lindley (at the email address: [YMM-casualty@rhl-ct.com](mailto:YMM-casualty@rhl-ct.com))

2. **Uninsured Cargo.** Average Bond completed and signed by cargo owners, together with a copy of the cargo invoice. See Average Bond above.

For uninsured cargo, a cash deposit of 26% of the CFR value will be required instead of and insurers' guarantee. The deposit shall be paid into the following bank account:

Bank :	The Hongkong & Shanghai Banking Corporation Ltd
Address :	1, Queen's Road, Central Hong Kong
A/C No. :	502-122864-274
Beneficiary :	Charles Taylor Holdings B.V. T/A Richards Hogg Lindley-Client
Swift Code :	HSBC HKH HHKH
Bank Code :	004
Reference :	YM Mobility – GA Cash Deposit

**RHL Casualty Website**

Blank security forms, plus further news and information including release procedures for cargo will be made available at: <https://rhlclientarea.ctplc.com>

Select the vessel's name (**YM Mobility**) from the dropdown menu and enter the password which for this case is: **YMMOB9824**

**Delivery of Cargo**

Cargo can only be released after acceptable General Average security has been provided.

A list of cargoes for which sufficient General Average security has been provided will be published on the casualty website and will be updated daily. Cargo owners should contact their shipping company in the usual way to arrange delivery once their container is listed.

**Note regarding LCL / Groupage cargo**

Freight forwarders should URGENTLY provide a full breakdown of any LCL / Groupage containers as soon as possible in order to readily identify all the individual shipments within the container. This breakdown should include house bill of lading numbers, cargo descriptions, cargo weights plus details of the shippers and receivers of the goods.

**Please treat this as a matter of utmost urgency to avoid unnecessary delay: cargo cannot be released until the General Average requirements have been met.**

We thank you for cooperation in this matter.

**RICHARDS HOGG LINDLEY**
