"YM MOBILITY"

General Average Declaration

Dear Valued Customer,

On 9 August 2024, whilst MV YM Mobility was alongside Phase III Terminal of Ningbo Port, an explosion occurred from cargo container(s) at her bow area. Fire-fighting operation was carried out by the local port authorities and it was reported that fire was put out and inspections are currently being carried out.

Apparently, the incident has given rise to General Average and the Shipowners have decided to declare General Average (GA) and have appointed **Richards Hogg Lindley** to collect the necessary GA securities from the concerned in cargo, etc.

Please find separate notice to cargo detailing the security requirements and copies of the relevant forms attached to this announcement.

In order to get your cargo smoothly released and to avoid unnecessary delay, please contact the Adjuster and provide the necessary security and supporting documents to the adjuster directly as soon as possible.

The contact details of the appointed Average Adjusters are as follows:

Richards Hogg Lindley

Email: YMM-casualty@rhl-ct.com

Please treat this as a matter of utmost urgency to avoid unnecessary delay: cargo cannot be released until the General Average security requirements have been met.
